Do not miss this unique opportunity to network with other condo board directors over dinner conversation then to learn from some of the industry's leading experts in a post dinner presentation on Health and Safety.

Our panelists will lead directors through the all-important topic of health and safety in condominiums. Topics to be covered will include: a view of existing legislation (OHS, WHIMIS and Bill C-45); Director responsibilities and due diligence; typical fines and penalties; liability for onsite contractors as well as the policies, procedures and training that need to be in place and how to recognize, minimize and control potential risks through proper training. Attendees will receive practical examples and samples of Health and Safety policies and tear off worksheets.

Register early as space is limited. Do not miss this important learning opportunity!

JEFF JEFFCOATT, P.Eng, BDS, RCM

Jeff is a Registered Condominium Manager and Professional Engineer and heads up the Condominium Division and the Mechanical/Electrical Division for the consulting engineering firm of Construction Control Inc. where he also spearheads the Health & Safety Programs (Certified WSIB parts 1&2).

More recently Jeff was accredited through the Professional Engineers of Ontario as a Building Design Specialist after successfully completing the Ministry of Municipal Affairs and Housing for the Building Code Identification Number (BCIN) program for Large Buildings, Building Services, Small Buildings, and Houses.

Well known for his educational seminars at conferences, and teaching for ACMO at Humber College and via the web through Mohawk College, Jeff wrote/compiled the original manual for the ACMO Physical Building Management course.

Having been a Property Manager/Regional Manager for Condominiums for ten years, he continues to be active in the ACMO Associates Committee as Co-Chair of the ACMO Professional Development Committee.

With prior experience as a Board of Directors Member and President of the Board of Directors of the condominium where he lives in Toronto, Jeff is very pleased to have been elected to the CCI Toronto Chapter Board of Directors.

Our Participants...

JOHN W. AIRD, B.Eng., M.Sc. H.K. **Manager, Industry Relations** **Workplace Safety & Prevention Services**

John creates and manages WSPS's strategic partnerships with key industry associations and prevention organizations, forming alliances to grow a prevention culture in their industries and helping them promote and assist their members to effectively manage the health and safety of their employees. He has over 27 years senior leadership experience in the Ontario Health and Safety System with the newly amalgamated Workplace Safety and Prevention Services, and previously with the Ontario Service Safety Alliance and the Healthcare Health and Safety Health Association. Over that time he has lead development of client services, training programs and product development. He has sat on and chaired service integration committees and piloted collaborative initiatives with the Workplace Safety and Insurance Board and the Ontario Ministry of Labour to understand their priorities and initiatives and align the organizations services and products to help workplaces be prepared for and respond to Board and Ministry initiatives.

JEREMY WARNING **Partner** **Heenan Blaikie LLP**

Jeremy Warning is a partner in the Labour and Employment Law Group at Heenan Blaikie LLP in Toronto. He is a member of the firm's National OHS and Workers' Compensation practice group. Jeremy provides advice and representation to employers and managers in health and safety trials, inquests, and other proceedings. Prior to joining Heenan Blaikie, Jeremy spent more than seven years with the Ministry of the Attorney General (Ontario) where he prosecuted offences under the Occupational Health and Safety Act on behalf of the Ministry of Labour and represented the Ministry before the Ontario Labour Relations Board, the civil courts and at Coroner's inquests. Jeremy is a co-author of The Annotated Occupational Health and Safety Act, a leading health and safety text used by corporate counsel, occupational health and safety and human resource professionals, and law firms.

PAUL HARTFORD, CRSP **Health and Safety Consultant** **Workplace Safety & Prevention Services**

Paul Hartford is a Canadian Registered Safety Professional currently working as a Health & Safety Consultant with Workplace Safety & Prevention Services. Prior to joining WSPS 7 years ago, Paul worked in a variety of manufacturing industries including automotive, steel, chemical, printing, and packaging. Paul has held a variety of positions within operations management, incorporating Health & Safety with responsibilities in Operations Management. Paul brings a background in management systems and continual improvement to his approach to H&S today with a focus on the necessary roles of Senior Management for Health & Safety.
